Circular dated 19—25th July 1945.

To—All the Executive Engineers,

All the Presidents of District Boards and Municipalities.

No. 29—WAD4. Adverting to G. O. No. P. W. 7243-47, dated 25th April 1944 and P.W. 2736-40, dated 17th November 1944 approving the proposals to arrange for the repairs and maintenance of the buildings of Maternity Hospitals, Veterinary Dispensaries and Local Fund Dispensaries, etc., without waiting till the contributions are received from the Local Bodies, etc., the following accounts procedure is indicated in regard to execution of the works in question and accounting of the transactions.

1. The estimates for the repairs and maintenance of the Medical Buildings, such as Maternity Hospitals, Local Fund Dispensaries and Veterinary Dispensaries and quarters attached thereto for which quota is recoverable from Local Bodies will be got countersigned before starting the works by the Presidents of the concerned Local Bodies and after repairs are executed the entire outlay may in the first instance be charged to the concerned service head as directed in the Government Order referred to above. After completion of the works the quota recoverable from the Local Bodies may be shown under "Deduct Contributions Recoverable from Local Bodies" under the Service Head concerned by debiting the same to the Debt Head "23 X Payments by Government recoverable from Local Bodies" to be opened separately in the Abstract of Receipts and Disbursements on the charges side. A schedule of these recoverable charges showing clearly the amounts recoverable from the District Board and Municipality separately against each work may be sent in duplicate along with the monthly account in which such charges appear. The recoveries of these contributions will thereafter be watched in this office, as desired by Government in their Order of 25th April 1944.

2. The Presidents of the Local Bodies *i.e.*, District Boards and Municipalities will, while countersigning the estimates sent by the Executive Engineers, note in their books the amounts payable by them and kept in reserve their balances in the Treasury to the extent of amounts payable by them so that the amounts outstanding against them in the books of this office may be adjusted at the end of the year without difficulty as no balances of one year in respect of these recoverable amounts are to be brought forward to next year.
